

<b>Consultation</b> <b>Proposal to increase core funded planned place numbers at Compass Academy</b>	
<b>Consultation Start Date</b>	16th January 2025
<b>Consultation End Date</b>	06th February 2025

**Compass Academy** is part of **Hope Sentamu Learning Trust (HLST)**. It provides programmes of education to pupils identified as being at risk of exclusion, or who have already been permanently excluded from mainstream education. The school meets the varied and complex needs of children in Key Stage 3 at one site.

Hull County Council is the main commissioner of pupil places at the school and pupils come from different areas across Hull to access the specialist provision. The demand for places at Compass Academy has increased consistently over the past two years but core funding for the planned places remains at 55 pupils.

The school building has the capacity to accommodate the upto 90 pupils within its current configuration. The operational benefits of the increased core funded planned places will enable us to structure classes, resources and, where required, other additional services which is key to ensuring a positive educational experience and pupils outcomes.
